Program Management

Status Check! Program Administration Scale is a valid and reliable instrument designed to measure the leadership and management practices of early childhood programs. The PAS provides valuable information to directors about the quality of their administrative practices and can be used as a springboard for program improvement. The assessment covers these topics:

- Human Resources Development
- Personnel Cost and Allocation
- Center Operations
- Child Assessment
- Fiscal Management
- Program Planning and Evaluation
- Family Partnerships
- Marketing and Public Relations
- Technology
- Staff Qualifications
